

Joyful bath...

SUN HEATERS

# SUN HEATERS

## Features

- ◆ Sun is using the state-of-art technology for manufacturing the products in attractive models.

## Quality

- ◆ Inner container is made of 304 grade Stainless Steel and latest welding technology rendering it leak proof.
- ◆ Tightly packed, using ISO 9002 certified imported resin bonded glass wool, which arrests heat radiation loss by 100% and retain the temperature of water for a long time.

## Safety Features

- ◆ Fitted with ISI marked heating element.
- ◆ Hydraulically tested as per ISI standard at a pressure of 60 N/cm<sup>2</sup>.
- ◆ Double thermostat for extra safety.
- ◆ Non-Return device in inlet.
- ◆ Safety valve is built in, to regulate excess pressure.
- ◆ Fusible plug is used as an additional safety feature incase of double thermostat failing to function.

## Outer Shell

- ◆ **coral** : Powder coated cylinder with ABS Top & Bottom.
- ◆ **aqua** : Mirror finished SS cylinder with ABS Top & Bottom.
- ◆ **nile & misty** : Full ABS Body.

## Energy Saving

- ◆ Energy saving is 50% better then ISI norms and also excels any other leading brands. All our storage heaters fall under 5 Star rating.

## Other Benefits

- ◆ Wide range of capacities like 1 ltr, 3 ltr, 6 ltrs, 10 ltrs, 15 ltrs & 25 ltrs.
- ◆ Can be fitted vertically even in low ceiling bathrooms and kitchens.
